Personal data we process

Inspire2Live processes your personal data because you use our services and/or because you provide this data yourself. Below you find an overview of the personal data we process:

- First- and last name
- Gender
- Address data
- Phone number
- Email address
- IP address
- Additional personal data you provide through making a profile at our website, in correspondence with us and/or by phone
- Data about your activities at our website
- Data about your surfing behavior across different websites (for instance because this company is part of an advertising network)
- Web browser and type of device

Special and/or sensitive personal data we process

Our website and/or service does not have the intention of collecting data of visitors below the age of 16 years old. Unless they have explicit permission from their parents or guardian. However, we cannot check whether a visitor is older than the age of 16. That is why we recommend parents to be involved in the online activities of their children to avoid data being collected without parental consent. In the case you are convinced we gathered personal data of a minor without parental consent, please contact us at info@inspire2live.nl so that we can remove this information.

Purpose and on what basis we process personal data

Inspire2Live process your personal data for the following purposes:

- Arranging your payment.
- To be able to call or email when necessary to perform our services.
- Sending our newsletter and/or advertising brochure.
- To deliver goods and services to you.
- Inspire2Live analyses your behavior on the website and subsequently uses this to improve our website and to align the range of products and services to your preferences.
- Inspire2Live also processes personal data when by law, such as data necessary for our tax returns.

Automated decision making

Inspire2Live takes decisions based on automated processing about cases which could have (considerable) consequences for persons. This is about decisions taken by computer programs or systems, without a person intervening (such as an employee of Inspire2Live).

How long we keep the personal data

Inspire2Live keeps your personal data not longer than strictly necessary to achieve goals for which your data is collected. We use the following retention periods for the following personal data:

Contact form data

- Your name, email, message and potentially your phone number are kept for an indefinite period on the website. The data could be used to contact you in response to your message.

Analytical data

- Data about your activities on our website, your web browser and device type stored by Google Analytics. These are kept for 26 months and then are automatically deleted.

Sharing personal data with third parties

Inspire2Live will not sell your data to third parties and will exclusively provide this data with third parties when strictly necessary for the performance of our agreement with you or to comply a legal obligation. With the companies that process your data in our order, we make a processor agreement to ensure the same level of safety and confidentiality of

numbers at the bottom of the passport), passport number and citizen service number black for the protection of your privacy. We will respond to your request as soon as possible, but at all times within four weeks.

Inspire2Live would also like to point out the possibility to file a complaint to the national supervisor, the Dutch Data Protection Authority. This is possible using the following link: <https://autoriteitpersoonsgegevens.nl/en>

How we protect your personal data

Inspire2Live takes the protection of your data very seriously and therefore takes appropriate measures to avoid abuse, loss, unauthorized access, unwanted disclosure and unauthorized changes. At whatever time you have the feelings that your data is not protected well enough or you have indications of abuse, please feel free to contact us [through our website](#) or via info@inspire2live.org. Inspire2Live has taken the following measures to protect your personal data:

- Security software, such as a virus scanner and firewall.
- TLS (formerly SSL). We send your data via a secure internet connection. You can see this on the address bar 'https' and the padlock in the address bar.
- DKIM, SPF and DMARC are three internet standards we use to prevent you from receiving emails on our behalf which contain viruses, are spam or are intended to obtain personal (login) data.
- DNSSES is an additional security (in addition to DNS) for converting a domain name to the associated IP address; it is provided with a digital signature. You can have that signature checked automatically. In that way we prevent you from being redirected to a fake IP address.
